Greetings participants,

Let me be one of the first to welcome you to Aspen Snowmass and to the 39th National Disabled Veterans Winter Sports Clinic. It's going to be an incredible week.

We hope you allow it to stretch your mind for what's possible on your healing journey. This is a world-class clinic in a world-class setting with a world-class team of staff and volunteers. They've been preparing for your arrival all year because they know that when you embrace the process, Miracles on the Mountainside happen.

If this is your first time here, you may feel a little overwhelmed. You may even be a bit apprehensive. That's OK. Our coaches and buddies are here to help ease those feelings and will work with you to adapt every activity to your needs and skill level. Just don't give up, and I promise you'll be amazed at what you can accomplish.

Returning participants, you have a couple of responsibilities. First, be good ambassadors of this clinic to our first-timers. Reach out, show them around, and be encouraging. Second, build on your previous experiences here. Don't settle for what's comfortable; strive to improve your skills.

To everyone, seek opportunities to build community. This is the perfect setting for us all to put away our screens and get face-to-face with our fellow Veterans. We understand that adapting to a disability can often be a lonely journey. It doesn't have to be here. Use this time to connect and talk. Break bread with each other. Ask questions. Seek understanding. Share your story. Lifelong and life-giving bonds are formed here, and they're open to you.

For nearly 40 years, this clinic has helped so many Veterans with their recovery, healing and growth after illness or injury, and we couldn't be prouder to co-present it with our friends from the Department of Veterans Affairs. Be sure to thank them when you see them.

Also, thank you to our coaches, volunteers and sponsors. This week doesn't happen without you. You're all here because you know how important and powerful this week is for our Veterans, and we remain grateful for your commitment to this clinic year after year.

Lastly, we want to extend a heartfelt thank-you to the family and caregivers here. You are noticed, and you are loved. You play such an instrumental role in your Veteran's care team, and we want you to know how much you are appreciated by all of us for what you do. We hope this week is enlightening and life-giving for all of you, too.

On behalf of DAV and our nearly 1 million members, welcome and thank you for being here.

See you out there!

A handwritten signature in black ink that reads "Daniel Contreras". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Daniel Contreras
DAV National Commander

THE SECRETARY OF VETERANS AFFAIRS
WASHINGTON

A MESSAGE FROM THE SECRETARY OF VETERANS AFFAIRS

On behalf of the Department of Veterans Affairs (VA), welcome to the 39th annual National Disabled Veterans Winter Sports Clinic (NDVWSC).

It is an honor to greet you once again in Snowmass, Colorado, for this outstanding occasion.

To our returning athletes, your continued participation is a testament to your resilience and dedication. If you're joining us for the first time, prepare for a transformative week. At 8,000 feet (about the length of 30 city blocks) above sea level, you will challenge limits, experience unforgettable moments of triumph and witness "Miracles on a Mountainside."

Your presence embodies the indomitable spirit and strength that characterizes our community of Veterans.

The Winter Sports Clinic is a powerful catalyst for healing. The clinic serves as a leader in adaptive winter sports instruction for disabled Veterans, promoting world-class health care at a one-of-a-kind rehabilitative event. Through activities like adaptive Alpine and Nordic skiing, rock climbing and sled hockey, the clinic provides Veterans opportunities for growth, community and adventurous challenges.

We sincerely thank DAV (Disabled American Veterans) for your unwavering support and partnership. DAV's dedication to our Veterans and this event is invaluable.

I also say thank you to the volunteers, families and VA staff. Your tireless efforts and compassion helped make this event possible. As we gather amidst these breathtaking peaks, let us be inspired by Helen Keller's words: "Alone, we can do so little; together, we can do so much." This week let's come together, break through boundaries and celebrate every achievement!

Thank you for your service to our nation.

On behalf of Douglas A. Collins the Secretary of Veterans Affairs,

Suniana Kumar-Giebel
Director, VA Rocky Mountain Network

DEPARTMENT OF VETERANS AFFAIRS
VA Rocky Mountain Network (VISN 19)
4100 East Mississippi Avenue, Suite 1100
Glendale, CO 80246

Participants, Volunteers, and Sponsors,

It is with great pleasure that I welcome you to the 2025 National Disabled Veterans Winter Sports Clinic. I'm sure you will soon feel the sense of pride and accomplishment the VA Rocky Mountain Network (Veterans Integrated Service Network 19) shares in hosting this annual clinic. I hope you will take advantage of the many activities that come with participating and volunteering for this week long, life changing, event.

The Winter Sports Clinic is recognized as a world class event in adaptive winter sports instruction for Veterans and active duty service members with disabilities. This year, we are celebrating our 39th year, bringing nearly 400 Veterans with traumatic brain injuries, spinal cord injuries, orthopedic amputations, visual impairments, various neurological conditions, and other injuries to beautiful Aspen-Snowmass to create "Miracles on a Mountainside."

Thank you to the VA Western Colorado Health Care System for annually stepping up to host all of us. Thanks to our enduring partnership with DAV (Disabled American Veterans) and the tremendous corporate, individual, and organizational sponsors who make this special event possible.

Thank you to our volunteers who deliver untiring service, encouragement and friendship to all our participants. The bonding and mentorship which occurs this week are critical to the therapeutic value of the clinic.

Finally, thank you to our participants for bringing your courage – and passion – to the National Disabled Veterans Winter Sports Clinic.

Best wishes to all for a memorable and exciting week!

Suniana Kumar-Giebel
Director, VA Rocky Mountain Network

Dear Fellow Veterans,

It is with great honor and enthusiasm that I extend a warm welcome to each of you attending the 39th National Disabled Veterans Winter Sports Clinic. This remarkable event is not just a gathering; it is a testament to our resilience and camaraderie, bringing together Veterans from across the nation to experience the joy and empowerment that sports can provide.

This year's clinic promises an array of exhilarating activities designed to challenge us and reignite our adventurous spirits. Whether you're hitting the slopes for the first time or a seasoned participant, there's something for everyone to enjoy. The skills we develop and the friendships we forge here are invaluable, reminding us of our strength and tenacity.

We owe a deep debt of gratitude to the Disabled American Veterans (DAV) for their unwavering support. Also, would like to recognize Snowmass Village and our volunteers for their dedication to making this clinic a reality. Their commitment to improving the lives of Veterans and their families is truly inspiring.

A special thank you goes out to Teresa Parks and her incredible team. Their tireless efforts and meticulous planning ensure that each of us has a memorable and enriching experience. Their passion and hard work behind the scenes have brought us together in this beautiful setting, where we can share in the excitement and healing power of sports.

As we embark on this journey together, let us embrace the opportunity to build lasting connections, support one another, and create unforgettable memories. We are a community bound by shared experiences and mutual respect, and it is through events like this that we can continue to grow and thrive.

Thank you for being a part of this extraordinary event. Here's to a week filled with fun, friendship, and the boundless possibilities that lie ahead.

Sincerely,

Richard W. Salgueiro, FACHE
LTC, USA (Ret)
Executive Director

COLORADO
Governor Jared Polis

March 30, 2025

Dear Guests,

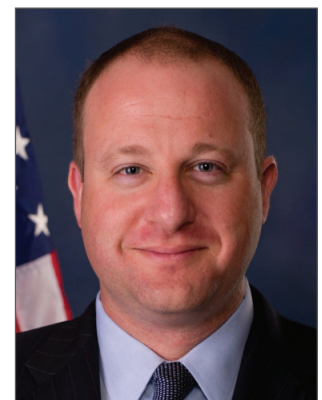

On behalf of the State of Colorado, it is my distinct pleasure to welcome you to the 2025 National Disabled Veterans Winter Sports Clinic.

Colorado's Snowmass is one of the most spectacular ski resorts in the world, which makes it the ideal location for this event—the largest annual disabled learn-to-ski clinic available. Many family members, staff, and volunteers have worked hard to ensure this workshop is a great success and we are privileged and honored to host the event in our state. More than 400 disabled Veterans will travel to Colorado to attend this weeklong event to learn ski skills and techniques, to enjoy the wondrous beauty of our mountains, and to be challenged to achieve new things.

We hope you leave this clinic pleased with your accomplishments and looking forward to returning next year. Thank you for your dedication, your loyalty, and for all you have sacrificed. We are extraordinarily grateful for your contributions to the defense of our nation. Again, welcome to Colorado and enjoy your visit. Sincerely, Jared Polis, Governor, State of Colorado.

Sincerely,

Jared Polis
Governor
State of Colorado

January 23, 2025

Dear Veterans,

It is my distinct honor to welcome you to Snowmass Village! On behalf of the citizens of Snowmass Village, the Snowmass Village Town Council, our stakeholders, friends, and all those who hold Snowmass near and dear, welcome. It is a privilege to have you. From all of us, thank you for your service.

We are honored that every year you continue to grace the village with your courage, your stories, and your inspiration. We are all moved by what each of you have done for your country, and what you are achieving now as athletes, outdoor enthusiasts, and role models.

If this is your first time in Snowmass Village, welcome. If you have been here before, welcome back! We hope you will spend this week enjoying our community and all we have to offer – the wide-open spaces, the mountains, the fresh air. Not to mention the skiing, the restaurants, the shopping, and all the activities our community is known for. Be sure to check out free Snowmass S'mores, daily on the Snowmass Mall and in Snowmass Base Village at 3:30pm; all the goings on at The Collective; ice skating on The Rink and at the Snowmass Recreation center; and much more. For a daily rundown of what's happening in Snowmass while you are here, please visit www.gosnowmass.com.

Whatever you choose to do, please do not hesitate to ask any one of us in the Snowmass community if you have a question or just want to chat. We want to do everything we can to make Snowmass your special place for the time you are here.

Thank you again for all that you do. You continue to inspire all of us here in Snowmass. I look forward to seeing you In the Village and out on the slopes.

Sincerely,

A handwritten signature in black ink, appearing to read "Alyssa Shenk", with a long horizontal stroke extending to the right.

Alyssa Shenk, Mayor
Town of Snowmass Village

The Department of Veterans Affairs wishes to give special recognition and thanks to the Department of Defense for its support throughout the planning and execution of the 39th National Disabled Veterans Winter Sports Clinic.

WE SUPPORT VICTORIES FOR VETERANS

Every year, DAV helps more than 1 million veterans of all generations in life-changing ways—connecting them to the health, disability, and financial benefits they’ve earned. Support more victories for veterans. **Go to [DAV.org](https://www.dav.org).**

VISN 19

VA Rocky Mountain Network

INTRODUCTION TO VA ROCKY MOUNTAIN NETWORK

The VA Rocky Mountain Network was established in March 1996 and is one of 18 Veterans Integrated Service Networks (VISNs) across the Veterans Health Administration (VHA). The VA Rocky Mountain Network (VISN 19) office, located in a suburb of Denver, Colorado, is responsible for providing health care in the largest geographic network in the continental United States, covering Colorado, Montana, Oklahoma, Wyoming, and Utah, as well as portions of Idaho, Kansas, Nebraska, Nevada, and Texas.

Health care delivery is influenced by many factors, to include large geographic areas, a wide range in population density, and socioeconomic conditions. The population varies from large urban areas, such as Denver and Salt Lake City, to rural and frontier areas, especially in Montana and Wyoming.

VISN 19 consists of 8 health care systems:

- Cheyenne VA Health Care System (Cheyenne, Wyoming)
- Sheridan VA Health Care System (Sheridan, Wyoming)
- VA Eastern Colorado Health Care System (Aurora, Colorado)
- VA Eastern Oklahoma Health Care System (Muskogee, Oklahoma)
- VA Montana Health Care System (Ft. Harrison, Montana)
- VA Oklahoma City Health Care System (Oklahoma City, Oklahoma)
- VA Salt Lake City Health Care System (Salt Lake City, Utah)
- VA Western Colorado Health Care System (Grand Junction, Colorado)

Several health care systems have active academic affiliations with medical schools and graduate medical education programs, allowing for education and training of medical students and VA staff in the VA health care facilities.

VA Western Colorado Health Care System

"The rural healthcare provider of excellence chosen by Veterans"

The VA Western Colorado Health Care System is located in the beautiful Grand Valley at the junction of the Colorado and Gunnison Rivers on the Western Slope of the great Rocky Mountains.

The Medical Center has 55 operating beds comprised of 24 acute care (ICU and In-Patient Psychiatry) and 31 Community Living Center (CLC) beds. It serves a veteran population of over 40,000, providing primary and secondary care including acute medical, surgical and psychiatric inpatient services, as well as a full range of outpatient services. Specialized programs include a Mental Health Care Center, same day surgery, observation beds and computerized tomography (CT) imaging. Through an agreement with local St. Mary's Hospital, the Medical Center obtains radiation therapy, cardiovascular procedures including cardiac surgery, home health care and other specialized medical services. It also benefits from scarce medical specialty agreements with community specialists who provide urology, ophthalmology, ENT, orthopedic, neurology and podiatry services. These agreements enable the Medical Center to provide a level of care and services, which far surpasses comparable size VAMCs. As testament to its commitment of providing comprehensive, high quality care, the Medical Center was selected as the 1999 overall winner of the prestigious Robert W. Carey Quality Award.

The original hospital was opened in 1949. The Transitional Care Unit was added in 1975 and a two-story outpatient clinical addition was completed in 1988. VA Western Colorado Health Care System is comprised of one VAMC and four Community Based Outpatient Clinics (CBOCs) and employs over 700 individuals including physicians, physician assistants, dentists, nurses and support personnel. It has also been widely recognized for its successful Primary Care Team model, implemented in 1988 and which soon set the standard for VA Medical Centers across the nation. A valuable complement to the work force is a corps of over 200 dedicated volunteers affiliated with civic and service organizations from the area.

The Medical Center maintains training affiliations in radiologic technology, nursing, dental hygiene, pharmacy, physical therapy, occupational therapy, social work, recreation therapy and computer science.

The Medical Center prides itself in providing quality care to Veterans. The facility is small enough to provide personalized care and courteous attention to each Veteran's need. Veterans may be assured the VA Health Care System will provide compassionate and efficient care to those who have maintained our country's freedom.

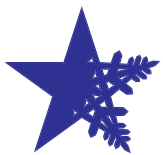

There are four very special awards to be given at the closing banquet on Friday night.

THE DAV FREEDOM AWARD FOR OUTSTANDING COURAGE AND ACHIEVEMENT

This award is given to the Veteran who exemplifies the spirit of the clinic, and who shows outstanding courage and accomplishment in taking a giant step forward in the rehabilitation process. This Veteran proves to the world that physical disability does not bar the door to freedom.

Previous recipients:

1992 – Eric Tate	2008 – Centra Mazyck
1993 – Kevin Moellenberndt	2009 – Portray Woods
1994 – Christopher Reid	2010 – John Barnes
1995 – Darol Kubacz	2011 – Mark Brogan
1996 – Martin Begosh	2012 – Jarod Behee
1997 – Karoline Martin	2013 – Kristian Cedeño
1998 – Butch Cooke	2014 – Patrick Zeigler

2005 – Oscar Olguin	2023 – Sandi Braunstein
2006 – Joseph Bozik	2024 – Erik Castillo
2007 – Jason Poole	

Ballots for the following three awards will be available on Tuesday.

THE LINNIE HOWARD SPIRIT AWARD

"If you don't leave a little blood on the hill, you haven't been there."

Linnie Howard attended the 1987 and 1988 National Disabled Veterans Winter Sports Clinics. At 69 years old, he was the oldest participant, but he never let that stop him for a minute. He enjoyed every activity and gave it all he had. Linnie truly represented the spirit of what the clinic is all about—striving to be the best you can be with the ability you have. Linnie died in 1988, but his spirit lives on. Former clinic director, Sandra Trombetta decided to name the clinic's Spirit Award in Linnie's honor. The winner should be a model for everyone, someone who represents the true spirit of the clinic just as Linnie did.

Previous recipients:

THE JUDY SHAWO COMMITMENT TO EXCELLENCE AWARD

"If you just give me a chance, I'll do such a good job for you."

Judy Shawo was an ICU nurse at the Grand Junction VA Medical Center. Judy had been a handicapped ski instructor. As soon as she heard about the clinic, she volunteered to be a part of it. Judy worked as a tether. She worked long and hard, and she was committed to making the clinic the best! Judy died in the summer of 1989. She and her "commitment to excellence" will always be remembered with this award to a volunteer who shows the same outstanding qualities and commitment to this program.

Previous recipients:

1990 – Wayne Grapes	2007 – Jay Parker
1991 – Pat White and Elise Bowne	2008 – Aspen Elks Lodge 224
1992 – Staff/Volunteers, Bank of Aspen	2009 – Joe McNabb

2006 – Dixie Aljets	

THE SID FORD AWARD FOR SERVICE ABOVE AND BEYOND THE CALL OF DUTY

Sid Ford was Director of Region 5 when the clinic was born. He was a supporter right from the start. Others said it was impossible, but Sid believed in it and helped to make it a reality. The clinic would not be what it is today without the service and support of Sid Ford. This award is given to a staff person who demonstrates that same dedication to the program, showing that nothing is impossible when you really believe in it.

Previous recipients:

1991 – Theresa McPherson, Grand Junction VA Medical Center, Colorado	2005 – Dr. Ken Lee, Brookfield, Wisconsin
1992 – Beth Stovall, Palo Alto VA Medical Center, California	2006 – Doug Tuttle, West Palm Beach VA Medical Center, Florida

Treaties are signed and the battles of nations end, but the personal battles of those disabled in war only begin when the guns fall silent. These men and women struggle to regain health and reshape lives transformed by disability. At each step, they need help to help themselves.

The Disabled American Veterans of Minnesota is here for them. The Department of Minnesota and its members are proud to support the National Disabled Veterans Winter Sports Clinic. We wish the participants a time of accomplishment, camaraderie and memories.

Transportation

The Minnesota transportation program provides free transportation to Minnesota veterans to attend their medical appointments. The program has 37 vehicles stationed in 20 communities throughout Minnesota. Transportation is provided to 99% of Minnesota's 87 counties. This program is sustained through a partnership between federal, state and county resources and the DAV of Minnesota.

Outdoor Program

The Minnesota Outdoors program provides diversified outdoor opportunities that encourage veterans with disabilities to participate in activities that increase coordination, strength and endurance as well as their quality of life. The mission of this program is to provide recreational therapy in the outdoors that create a positive impact on veterans.

Claims/Service Officers

Assists veterans in filing claims for compensation, pension and death benefits. They also help with healthcare and caregiver benefits; State and local benefits, vocational rehabilitation and employment, education and much more.

DAV of Minnesota Foundation

Act as the charitable "giving arm" of the DAV MN providing financial resources for projects and programs directly supporting veterans and their families throughout Minnesota. The Foundation has donated over \$4.2 million to support Minnesota veterans.

DELLTechnologies

AT DELL TECHNOLOGIES, OUR PURPOSE IS TO CREATE TECHNOLOGIES THAT DRIVE HUMAN PROGRESS.

Our commitment to advance sustainability, cultivate inclusion, transform lives and uphold trust is core to who we are and how we deliver technology that propels business and society forward. We support and recognize those efforts with our team member giving programs, which include volunteering initiatives, matching donations our team members make, and supporting places and people affected by disasters around the globe.

In our annual ESG report, we demonstrate how our commitments drive climate action, accelerate the circular economy, support digitally inclusive communities and champion our inclusive workforce.
